We invite all members to either come in person or dial in it is you biggest chance to make a change for the better

**ATA.**

ATA's web site is now Completed with a small update "Find a thermographer section" a far better looking section with the Asia Area World map the dark sections on the map is where Thermographers are found if your name is not listed and would like it to be just email [inf@atandt.com.au](mailto:inf@atandt.com.au) and we will fix it for you

**Home page**

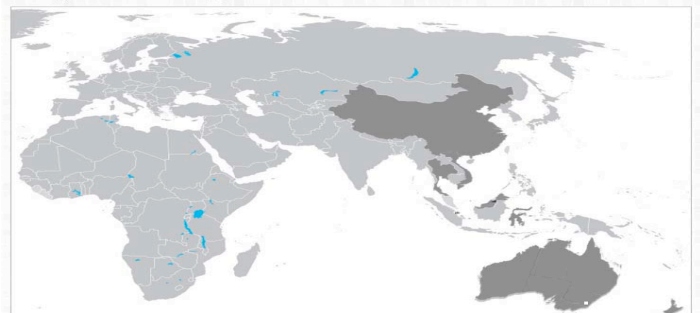

- About
- Training
- Newsletter
- Find a Certified Thermographer
- Cop / Standards
- Members Area
- Links
- Contact pages

Also, planned is a chat area online section for thermographers

The site will be continuously updated and will advise when updates have been done

**Find a Certified Thermographer**

Please click on the area of the map that you are looking to find a thermographer. Alternatively, please scroll to the bottom of the page and choose Australia or International.

## Thermography Code of Practice

## ATA Article

ATA's Editorial appears in the building Connection Magazine  
The title of the article is  
"MAKE THE INVISIBLE VISIBLE" and appears on page 50 – 52

ATA's Secretary Mr Martin White talks about the issues ahead with regards to Training, Cameras and Standards,

Although the magazine is about Termites Mr White also talks about Cameras fit for purpose amongst other things  
It is a very good read a must read for thermographers
